

AI Assignment

Chapter 1:-

- 1) What is Artificial Intelligence? Explain Diff between Artificial Intelligence and Human Intelligence.
- 2) Explain Turing Test.
- 3) Application Of AI.
- 4) Goal Of AI.

Chapter 2:-

- 1) Define State Space Search.
- 2) Explain Generate and Test Algorithm.
- 3) Explain Steps in DFS and illustrate or explain with using Suitable Example.
- 4) What is diff between DFS And BFS?
- 5) Explain DFID with Example.
